POLY'S LEGENDARY AUDIO
with crisp, room-filling sound
made possible by an innovative
acoustic chamber design.

**NEXT-GENERATION
BEAMFORMING
MICROPHONE ARRAY**
clearly picks up all voices in the room.
(Poly Studio X52 & X70 only)

Poly audio technologies

Filter distractions and support the natural flow of conversation to keep your meetings on track

POLY NOISEBLOCKAI TECHNOLOGY
Keeps the conversation on track using machine learning to recognize and block non-verbal noises.

SOUND REFLECTION REDUCTION
Enhances voices in the meeting room by removing audio reverberation experienced by hard surfaces.

POLY ACOUSTIC FENCE TECHNOLOGY
Shields your calls from distracting outside voices and sounds using your conference room microphones to create a defined sound zone.

Poly Studio R30

Boardroom quality in a huddle room package

Easily Connect to Your Laptop

Gets meeting going on time from any platform.

Smart Camera Technology

Poly DirectorAI ensures everyone is seen clearly with automatic framing and tracking.

Hear and Be Heard

Powerful speakers and advanced microphone array.

Simple for IT to Manage

Admins can easily push software updates and change settings.

Poly Studio R30 Plus

Transform your collaboration with advanced video and superb audio that are simple for anyone on your team to use. The result is meetings that start on time, increase inclusivity, and improve communication and productivity.

Smooth meetings

The Poly Studio R30 Plus solution[1] includes a dynamic video bar, easy-connect dock, and remote control to simplify meetings. Anyone can connect their compatible laptop to the video system which makes it easy for everyone in the room to participate.

Reduce wasted time

Eliminate technology headaches with one USB-C® cable that easily connects a laptop to the in-room devices and powers your computer. Keep things moving with a remote that lets anyone easily control mute and volume and adjust the camera.

Shared control

Take the pressure off the person at the computer with the Poly Studio Bluetooth® remote that lets anyone in the room control camera zoom and framing, volume, mute/unmute, and answer/hang up.

Boardroom quality conferencing

Bring stunning video quality and audio excellence to meetings in your smaller rooms[2]. Intelligent camera framing, a wide 120-degree field of view, exceptional voice clarity, and smart noise reduction make collaboration productive.

Poly Studio

Premium USB video built for mid-sized rooms

Easily Connect to Your Laptop
Gets meeting going on time from any platform.

Smart Camera Technology
Poly DirectorAI ensures everyone is seen clearly with automatic framing and tracking.

Hear and Be Heard
Powerful stereo speakers and optional expansion mic help to deliver the best audio quality and clarity in its class.

Simple for IT to Manage
Admins can easily push software updates and change settings.

Poly Studio V52

AI Technology. USB Simplicity.

Poly Studio V52 has joined the call, connecting you with the latest in striking visuals, next-gen AI, and USB simplicity in any medium sized room.

Be transported.

Meet like you're in the same room thanks to a 4K 20mp camera, 5X zoom, and legendary sound and audio pickup.

Frame up a better conversation.

Latest- gen AI tech ensures everyone is always in frame, in focus, and in the discussion without distractions.

Elevated conferencing, ready for any meeting.

Meet productively in more ways, and more rooms. With flexible USB connectivity, you get consistent enhanced experiences across any Poly-enabled space.

Enterprise-grade management

Poly Lens remote device management software gives IT better visibility and the power to make impactful changes.

Poly Studio X family

All-in-one video bars that simplify and enhance your hybrid meeting experience

- Full video experience built right in, no PC or Mac required.

- Simple to setup and use with intuitive touch controller.

- Awesome audio and dynamic video experiences with Poly's innovative technologies.

- Easy management, high uptime, and simplified deployment with Poly Lens.

Poly TC10

Watch productivity soar with this in- or out-of-room touch display
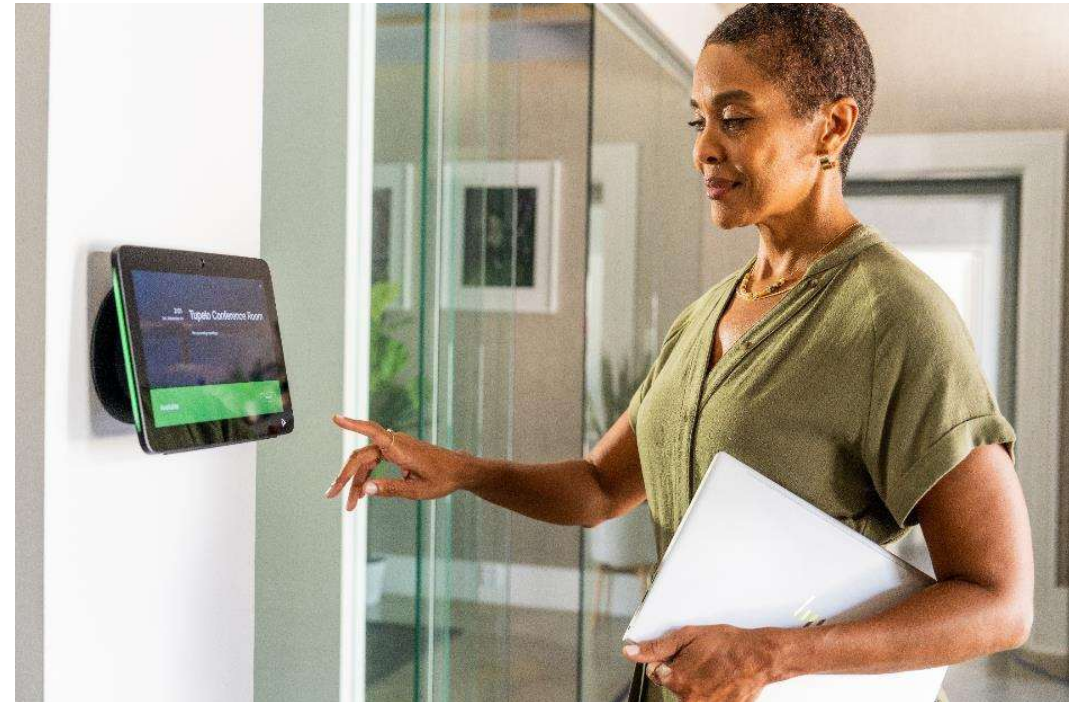

Two-in-one: set it outside the room for scheduling, or inside the room as a controller.

Large display: Intuitive, high-resolution 10-inch touch display for greater visibility.

Clean installation: flexible set-up options for wall and tabletop surfaces, and single PoE cable for both power and connectivity.

User friendly: multi-colored LED lights, quick access to control dock and Extron integration.

Compatibility: Pair with Poly Studio X Family or Poly G7500 or schedule and conduct meetings in Zoom environment.

Poly TC10

Better meetings, inside and out

ONE CABLE. ZERO CLUTTER.

Tidy, professional-looking setup, thanks to sleek design and a single cable for both power and connectivity.

DUAL DEVICE

Incredible versatility enables it to be used outside the room for scheduling, or inside the room as a video and room controller.

INTUITIVE AND FAMILIAR CONTROLS

Rich controls allow you to quickly start, control video calls and share content with ease.

HIGH-RESOLUTION 10-INCH DISPLAY

Intuitive, large display ensures room details and call controls are clear and accessible.

MULTI-COLOR LED LIGHTS

Know when mute is active or quickly find available rooms from a distance via highly visible LED indicators.

QUICK SCHEDULING

See room details and reserve meeting rooms in real time, directly from the touch panel.

QUICK ACCESS

Quickly launch your control dock by tapping on the Poly logo.

CLEAN, SIMPLE AND FLEXIBLE INSTALLATION

Can be mounted outside the room on the wall or on glass, or placed inside the room on a flexible, multi-angle stand.
